COVID Rules Again

It is a legal requirement that the church should be disinfected after use. This involves spraying and wiping down all hard surfaces that anyone has touched. Greg and Sue have been doing this voluntarily for a year, and Sue B and Gail stepped in while they were away. It is a major cleaning job that should be done towards the end of each week after all the major uses, and before Sunday service. It is fair to spread this load, so I am asking people to sign up on a roster. There is a checklist folder which has to be signed off each time.

This procedure is a basic requirement of Queensland Health which is aimed at community safety. We have to be able to prove that we are doing it if we are subjected to a spot check.

Sorry that this is an onerous request, but it's the law. We'll be reviewing the regulations at CoM to try to simplify things.
